

Daikin's Trailblazer® Air-Cooled Scroll Chiller

is ready when you are

With full load efficiencies up to 11.4 EER and part load IPLV up to 17.4, Trailblazer leads the industry in operating efficiency

Compact unit footprint can save installation space and costs

Excellent part-load performance is achieved with four or six scroll compressors

Trailblazer's low installed cost, combined with high operating efficiency and ease of maintenance provide the lowest total cost of ownership

Daikin's Trailblazer available and in stock on the West Coast and in Staunton, VA.

Norman S. Wright Climatec is now stocking Daikin Trailblazer air-cooled scroll AGZ chillers in the Anaheim Warehouse with additional factory stock available in Staunton, VA.
